SUMMARY

I am a dedicated Mobile App Developer specializing in Flutter, with a passion for crafting responsive, user-friendly cross-platform applications. Skilled in building high-quality mobile solutions and leveraging a strong foundation in frontend development, including React.js and other web development frameworks, gained through intensive training at ITI. I thrive in agile teams, quickly adapt to new technologies, and am eager to solve real-world challenges with innovative, impactful Flutter-based products.

EXPERIENCE

Intensive Code Camp of Frontend and cross platform mobile development, ITI Minya. **November 2024 - April 2025**

- Mastered Flutter and Dart for cross-platform mobile app development, building responsive UIs and integrating APIs.
- Gained proficiency in React.js and frontend web development frameworks, demonstrating rapid learning and adaptability.
- Collaborated in agile teams to deliver projects under tight deadlines, enhancing teamwork and problem-solving skills.

Professional foundations program, ALX Africa.

July 2024 - September 2024

- Developed foundational skills in programming, problem-solving, and professional communication, preparing for real-world software development environments.

INTERNSHIPS

Internship, SUEZ OIL PROCESSING CO.

August 2023 - September 2023

- Supported IT team in basic system maintenance and documentation, gaining exposure to professional workflows.

EDUCATION

El Shorouk Academy – Cairo, Egypt

September 2020 - June 2024

Bachelor of Computer Science.

PROJECTS

Mr. Defence - Safety & Emergency Companion App | Developer

ITI Intensive Code Camp, Graduation Project

April 2025 - May 2025

- Developed a Flutter-based safety app with Alert and SOS features for emergency reporting, integrating Firebase Authentication, Firestore, and Cloudinary for media storage.
- Implemented Cubit for state management and goRouter for navigation, ensuring a seamless and responsive user experience across platforms.
- Collaborated with a 3-member team, contributing to features like triple-press SOS activation, GPS location capture, and automated notifications to guardians and authorities.
- GitHub: github.com/yousefkhalafo/Mr_defence_app

Library E-Commerce App | Lead Developer

Graduation Project, El Shorouk Academy

January 2024 - June 2024

- Led development of a Flutter-based cross-platform mobile app for library product shopping, earning an Excellent grade.
- Implemented MVVM architecture and BLoC state management, integrating features using packages such as Dio and Flutter Screenutil.
- Collaborated with a 7-member team, including designers and backend developers, to deliver a responsive, user-friendly app.
- GitHub: github.com/yousefkhalafo/Distribution-Company

TECHNICAL SKILLS

- **Programming Languages:** Dart.
- **Frameworks & Libraries:** Flutter, BLoC, MVVM.
- **Mobile Development:** Cross-Platform Development, Responsive UI Design, State Management (Provider, BLoC), RESTful APIs, JSON.

- **Tools:** Visual Studio Code, Android Studio, Postman, Git, GitHub, Figma.
- **Methodologies:** Agile, Version Control.
- **Other:** Firebase, Shared Preferences, Dio, Flutter Screenutil.

SOFT SKILLS

- **Adaptability:** Quickly learned React.js and frontend frameworks during ITI training, applying skills to real-world projects.
- **Team Collaboration:** Thrived in agile teams, coordinating with designers and developers to deliver high-quality applications.
- **Communication:** Effectively conveyed technical concepts to team members and stakeholders during project development.
- **Eagerness to Learn:** Passionate about mastering new technologies and tools to enhance development capabilities.

COURSES

Flutter diploma, AMIT Learning	December 2023 - May 2024
Programming fundamentals diploma , Route IT Training center	December 2022 - May 2023

LANGUAGES

Arabic - Native	English - Conversational
