SUMMARY

Mobile App Developer with a focus on Flutter and a strong foundation in frontend development using React.js. Experienced in building responsive, user-friendly cross-platform applications and collaborating in agile teams. Eager to solve real-world problems, adapt quickly to new technologies, and contribute to impactful, innovative products.

INTERNSHIPS

[ITI - ICC Frontend and cross platform mobile development](#), Minya branch **November 2024 - April 2025**

[Mr. Defence Safety App](#) **April 2025 (1 month)**

- Built Mr. Defence, a safety and emergency alert app as an ITI graduation project. Collaborated with 3 teammates using Flutter, Firebase, Firestore, Cloudinary, and GoRouter. Enabled users to send real-time alerts to guardians and authorities with location, media, and profile data, supporting both manual and autonomous triggering.

[React.js E-Learning Platform](#) **February 2025 (2 weeks)**

- Co-developed Skillbridge, an e-learning platform with user authentication, course enrollment, and search/filter features. Utilized React.js, Firebase, and Material-UI, collaborating with one teammate to create a responsive bilingual platform.

[Professional foundations program](#), ALX Africa **July 2024 - September 2024**

[Internship](#), SUEZ OIL PROCESSING CO. **1st of August 2023 - 31st of August 2023**
